## Gupta Faculty of Kinesiology and Applied Health

[uwinnipeg.ca/kinesiology](http://uwinnipeg.ca/kinesiology)

Explore the study of human movement through any of our program areas designed to help you develop an understanding of research and practice in physical activity, fitness, exercise, and sport.

Kinesiology professors at UWinnipeg have expertise in areas that include physical activity, sports nutrition, coaching, sport and exercise psychology, motor behaviour, exercise physiology, biomechanics and prevention, care and treatment, and muscle, bone, and joint injuries.

### Degree Programs

Bachelor of Kinesiology (4-year)

Bachelor of Science: Athletic Therapy (4-year)

Bachelor of Physical and Health Education (3-year)

Axworthy Health and RecPlex

**Our Kinesiology graduates have gone on to work with professional athletes!**

### Student-centred

Take advantage of the faculty's small classes, labs, and accessible professors.

## Pre-Professional Studies

[uwinnipeg.ca/pre-professional](http://uwinnipeg.ca/pre-professional)

Pre-professional pathways prepare students for their professional program of choice, and can be used to fulfil the admission requirements for professional programs at other universities in Canada, the U.S., and around the world.

### Direct-Entry Pathways

Students in Canada do not begin studies related to many popular professions, including medicine, law and dentistry, directly from high school. These programs require several years of undergraduate coursework before students are eligible to apply.

While completion of a UWinnipeg pre-professional program does not guarantee admission into a professional faculty, you will benefit from our small class sizes, personalized instruction and state-of-the-art science facilities.

Students must be aware of restrictions international students may face with admissions to professional programs, and should do their own research on professional schools (which ones accept international students and their entrance requirements), prior to applying or beginning any of these programs. Many of our pre-professional studies lead to a bachelor's degree, which will offer flexibility and options for graduates.

### Programs Available

Pre-Chiropractic

Pre-Dentistry

Pre-Law

Pre-Medicine

Pre-Occupational Therapy

Pre-Optometry

Pre-Pharmacy

Pre-Physical Therapy

Pre-Physician Assistant

### Degree Program Opportunities

If you are interested in subjects that are not part of your major subject area, know that you can take courses from outside your major – and doing so will allow you to complete requirements for your degree!

For example, science majors can take courses in statistics, economics or humanities. Humanities majors can take courses in biology or environmental sciences. There are many possibilities!

Double majors and minors give students many options to add scope to a degree program, and our academic advisors can help you plan the courses that are right for you.

**If you change your mind, courses taken as part of a pre-professional program are applicable to other UWinnipeg degree programs.**

# Curriculum Requirements

[uwinnipeg.ca/intl-req](http://uwinnipeg.ca/intl-req)

Admission is based on your high school curriculum, by country in most cases. For a full list of requirements by country, visit the link above.

Below you can find the requirements for common international curricula.

## British

- › (International) General Certificate of Education, with two subjects at Advanced Level and three at Ordinary Level, or three subjects at Advanced Level and one at the Ordinary Level
- › Secondary School Grade: C (with no mark below a D) or 4 (no grade below a 3). Grade 11/AS-level students may be considered for the UWinnipeg Pre-University Pathway Program (see p.13)

## American

- › Complete grade 12 with a minimum high school average of C+ or better on a minimum of 5 academic subjects
- › No SAT required

## International Baccalaureate

- › Diploma students: automatic scholarship of \$2,250 for 30+ points, including the extended essay and Theory of Knowledge course
- › Recognition for non-diploma students: \$250 for each IB final result of 7 (HL), \$200 for each IB final result of 6 (HL) or 7 (SL), \$150 for each IB final result of 5 (HL)
- › English waiver for achieving 4 or higher on English A
- › Transfer credit awarded for more than 20 courses, resulting in fewer courses to take at university and the opportunity to start at an advanced level

## Advanced Placement

- › National AP Scholars: automatic scholarship of \$2,250 for writing five AP final examinations and obtaining an average of at least 4.0
- › English waiver for achieving 3+ on AP English examination (Language Composition; Literature and Composition)
- › Recognition for individual courses: \$250 for each AP exam result of 5, \$150 for each AP exam result of 3
- › Transfer credit awarded for more than 25 courses, resulting in fewer courses to take at university and the opportunity to start at an advanced level

### Mentor Program

Get matched up with current UWinnipeg students to help you learn all about life on campus.

### Career Services

Employment counselling is available throughout your studies and after graduation.

### Academic Success Workshops

Topics designed to improve your learning skills and help you achieve your academic goals, such as library resources, test-taking strategies, note taking and more.

### Welcome Week

Start your Canadian experience off right with a week full of helpful info and tips!

# Work Opportunities

Full-time international students with a valid study permit are eligible to work on- or off-campus. There are many job opportunities at the university and downtown, near campus.

## Work-Study Program

The Work-Study Program provides on-campus part-time job opportunities for eligible full-time University of Winnipeg students. The program assists you with meeting your expenses during the academic year, and offers valuable life and work experience with flexible hours that work around your school schedule. It also often provides work experience in your area of study, as a number of the positions are program related.

## Experiential Learning

We offer a wide variety of experiential learning opportunities. In addition to classroom-oriented approaches like simulations or laboratories, many projects involve out-of-classroom experiences, with a focus on: field placements and research, internships, and community-service learning.

To find out more, visit: [uwinnipeg.ca/experiential-learning](http://uwinnipeg.ca/experiential-learning)

## Work-Integrated Learning

Work-integrated learning gives students the experience they need to be successful. Connect with employers and get opportunities to solve real-world problems – prepare to make an impact in the modern workforce. Through Co-op placements, internships, or practicums, students put their skills, knowledge, and abilities to use in a way that complements their education and provides useful experience for employment after graduation.

## ⊕ Work Regulations

For information on work regulations, visit: [cic.gc.ca](http://cic.gc.ca)

## Co-op Programs

For students in the Faculty of Business and Economics or studying Applied Computer Science, our Co-op Program facilitates real work experience and the opportunity to put the knowledge that you've learned in the classroom into action.

To find out more, visit: [uwinnipeg.ca/coop-program](http://uwinnipeg.ca/coop-program)

**In my Co-op placement, I worked in all areas of HR and that allowed me to get my consulting position. I am very thankful that I have the job I have and I absolutely love it! If it were not for the Co-op Program, I would not be where I am today!**

**Terina Ingram**

Faculty of Business and Economics, Double Major in Marketing and Human Resource Management

*Terina gained meaningful experience in her chosen profession while completing the final courses in her degree program this year, working for the Civil Service Commission (Manitoba provincial government) as an HR consultant.*

## The Manitoba Advantage

Students who have completed an undergraduate degree at UWinnipeg are eligible for a post-graduation work permit, which offers the opportunity to work in Canada after graduation.

## Immigrate to Manitoba

The Manitoba Provincial Nominee Program is a priority assessment stream for international students with strong ties to Manitoba, who are interested in immigrating. It offers the opportunity for international student graduates to apply for permanent residence status in Canada. Manitoba nominated 1,923 international graduates for permanent residency in 2018.

To find out more, visit: [immigratemanitoba.com](http://immigratemanitoba.com)
